Dear Friends,

I have made the tough decision to make a voluntary retirement from driving.

This decision came after very careful consideration and was not an easy one for me to make, in fact it was one of the toughest decisions I have ever made. However, in the interest of safety, I believe that I am doing the right thing.

That being said, there may be times when I need help with transportation. The purpose of this letter is to ask if you would be willing to help me out by serving as one of my own personal *volunteer* drivers.

Although the "pay" for this position is very low...the reward is great, as you will be helping me maintain my independence despite my decision to give up driving.

If you are able to help me with an occasional ride, please let me know by calling me at:

Any help you can offer in my attempt to make a smooth transition from the driver's seat to the passenger seat would be greatly appreciated. Thank you very much for your consideration, your time, and mostly for your friendship,
